**Please read the following carefully. It states the privacy policy that governs your use of any Go Green cartridge recycling service**

At Go Green, we recognize the privacy needs of our members. You should be able to choose what information you want to share and decide what will happen to that information once it has been shared. Protecting your personal information is vitally important. Please read the following Privacy Policy to understand how your personal information will be treated as you make full use of our program. This policy may change from time to time without notice so please check back periodically.

### Collected Information

If you choose to register with Go Green or place an order with us, we may ask you to provide us with certain personal information, such as your name, physical and electronic mail ("E-Mail") addresses, phone numbers, domain name and other information that by itself, or in combination with other information, may be identifiable to you as a specific individual. We may also ask for financial information, such as account or credit card numbers, and demographic information, such as your zip code and income level. We gather this information from your registration, order forms, e-mails, and surveys.

Please be aware that Go Green Internet access partners, advertisers, and web sites that have links on this and its related sites, and DSL provider/distributor partners may also collect personally identifiable information about you. The information practices of these Internet access partners, advertisers, and web sites linked to [gogreen.ae](http://gogreen.ae), and DSL provider/distributor partners, are not governed by this Privacy Policy. Similarly, other customer web sites that are hosted by Go Green or Globus Inc. may collect your personal information. What these other sites do with that information is governed by the privacy policy for that site - not this policy - and you are encouraged to review the privacy policy on any site you visit.

### Information Requests

You may be able to request information about the cartridge recycling service on our sites regarding products and services, including technical support and customer service, by using online forms. We may ask that you provide certain contact information to allow us to fulfill your request and to send you information about Go Green products and services.

### Security

Ordering online with Go Green wherever made available is secure and convenient. Our ordering process is protected by the Secure Socket Layer ("SSL") protocol, which encrypts your information and confirms the identity of the Go Green server before completing your transaction. Netscape Navigator 2.0 + (or better) and Internet Explorer 3.0 + (or better) support the SSL protocol. We recommend you use the latest browsers to ensure that you are protected by advances in security technology.

*Go Green is a corporate social responsibility project initiated by Globus Inc. It aims at collecting used, empty and defective printer cartridges and prevent them from entering the waste stream and polluting the environment.*

*Globus Inc. provides bentonite and other specialised clays for the global oil industry. These clays have a wide variety of uses in other industries as well.*

### Children's Guidelines

Although Go Green and Globus Inc. sites are not geared towards children, nonetheless we attempt to protect children. Go Green must, however, rely on the information provided to us by visitors to our sites. As a result, it is impossible for us to guarantee with absolute certainty that the information collected and utilized by Go Green is not derived from a child.

### Disclosure

Go Green or Globus Inc. will not sell, rent, trade, or disclose individual member information to any third parties or outside companies who will use the information to contact you or who will share the information with others without your permission. It may be necessary to disclose information in special cases when we have reason to believe that disclosing the information is necessary to identify, contact or bring legal actions against someone who may be violating Go Green policies or may be causing injury to or interference with (either intentionally or unintentionally) the rights or property of Go Green, other Go Green members, users, or anyone else that could be harmed by such activities. Go Green may disclose or access account information when we believe in good faith that the law requires it or for administrative and other purposes that we deem necessary to maintain, service, and improve our products and services.

Please note Go Green may disclose demographic information, e.g., zip codes, as a whole to third parties. Individual demographic information will not be available to third parties or outside companies without your permission.

### Use of Information

The use of an individual's E-Mail address is necessary to keep our customers well informed of maintenance issues, escalated critical issues and problem resolutions that may arise with your Go Green service. We may also use E-Mail addresses to provide members with informative newsletters about printer cartridge recycling.

We like to keep our members informed via E-Mail and other means. Sometimes Go Green uses personal and demographic information to help determine which Go Green products and services are most likely to be of interest to you or help diagnose problems with our servers or administration of our sites. We also use demographic information to generate general interest in our products, to help in the analysis of product usage, purchasing, and target markets.

Please note that Go Green does provide information to outside companies (such as a credit card processing company) who perform certain functions on our behalf for billing purposes. We will not permit those companies to use the gathered information for other than the stated purpose.

### Correct/Update

If you want to change or modify information you have previously provided us, please either go back to the site where you provided such information or write to us at [globtrad@eim.ae](mailto:globtrad@eim.ae).

Go Green is a corporate social responsibility project initiated by Globus Inc. It aims at collecting used, empty and defective printer cartridges and prevent them from entering the waste stream and polluting the environment.

Globus Inc. provides bentonite and other specialised clays for the global oil industry. These clays have a wide variety of uses in other industries as well.

### Cookies

Our web servers may place small bits of text or "cookies" onto your computer's hard drive. Cookies enable us to deliver content specific to your interests and keep track of your password so you do not have to re-enter it each time you visit our web sites. After you accept a cookie, it is passed from your browser to our servers each time you request a page. This cookie consists of a unique token that anonymously identifies to the server so that you can more easily access the features of the Go Green service. Please note that you may configure your web browser to warn you before you accept a cookie.

### Customer E-mails

Go Green will not read or disclose E-Mail content to others unless required by law or deemed necessary to operate our services.

### Contacting the web site

If you have any questions about Go Green privacy policy or the privacy practices of our web sites, please contact us by writing to [globtrad@eim.ae](mailto:globtrad@eim.ae) .

### Links to Other Sites

Go Green and Globus Inc. sites contain links to other Globus Inc. web sites. You will find that all Go Green owned web sites are governed by this same Privacy Policy.

### Changes to the Privacy Policy

In the event our Privacy Policy needs to be modified, those changes will be reflected in the next revision of this Privacy policy, which will be posted on the Go Green and Globus Inc. web sites. Please check back often to review any revisions about the printer cartridge recycling service.

Go Green is a corporate social responsibility project initiated by Globus Inc. It aims at collecting used, empty and defective printer cartridges and prevent them from entering the waste stream and polluting the environment.

Globus Inc. provides bentonite and other specialised clays for the global oil industry. These clays have a wide variety of uses in other industries as well.
